ACT School Census August 2013

This publication provides information on students enrolled in ACT schools at 2 August 2013.

Introduction

This publication presents the results from the ACT Public School Census conducted on Friday 2 August 2013. Unlike the February ACT School Census, which includes all ACT schools, the August census conducted by the Directorate covers ACT public schools only.

This publication also presents information on the number of enrolments of students of school age who undertook school equivalent courses through home education or the Canberra Institute of Technology.

Non-school education

It is recognised that there are alternative educational pathways for students to undertake school level courses other than by attending an ACT public or non-government school. For students residing in the ACT as at August 2013, 176 were home educated. In addition, a further 547 students, who were of school age, undertook school equivalent courses at the Canberra Institute of Technology.

Student enrolments, 2009 to 2013

In August 2013, there were 41,047 enrolments in ACT public schools, up by 921 (2.3 percent) enrolments from August 2012 (Table 1). The increase in total public school enrolments continued the trend for the fifth consecutive year. This contrasted with the previous 10 years of decreasing public school enrolments.

Primary schools, high schools and specialist schools showed an increase in 2013 from 2012. Primary school enrolments increased by 752 (3.1 percent), high school enrolments increased by 175 (1.8 percent), a decrease of 20 (-0.3 percent) enrolments in colleges and specialist school enrolments increased by 14 (3.3 percent).

When measured over the longer term, total enrolments have increased by 2,678 (7.0 percent) since August 2009.

In August 2013, 60.9 percent of public school enrolments were at the primary school level compared with 59.2 percent in 2009. High schools accounted for 23.9 percent of public school enrolments in 2013 compared with 25.2 percent in 2009. College enrolments accounted for 14.1 percent of the total in 2013 compared with 14.7 percent in 2009. Specialist schools enrolments accounted for 1.1 percent of the total in 2013 compared with 0.9 percent in 2009.

Table 1: Number of enrolments by level of schooling, 2009 to 2013[1]

Level of schooling	2009	2010	2011	2012	2013
Primary Schools	22,710	23,005	23,330	24,246	24,998
High schools	9,677	9,757	9,589	9,652	9,827
Colleges	5,625	5,632	5,698	5,804	5,784
Specialist schools	357	364	375	424	438
Total all schools	**38,369**	**38,758**	**38,992**	**40,126**	**41,047**

[1] Includes a small number of students who attend more than one school

Enrolments of Aboriginal and Torres Strait Islander students, 2009 to 2013

In August 2013, the number of public school enrolments of Aboriginal and Torres Strait Islander students was 1,422. This was an increase of 215 (17.8 percent) since August 2009 and 26 (1.9 percent) since August 2012 (Table 2).

Table 2: Number of enrolments of Aboriginal and Torres Strait Islander students by level of schooling, 2009 to 2013[1]

Level of schooling	2009	2010	2011	2012	2013
Primary Schools	820	833	843	911	915
High schools	275	312	306	311	342
Colleges	91	107	133	146	138
Specialist schools	21	21	25	28	27
Total all schools	**1,207**	**1,273**	**1,307**	**1,396**	**1,422**

[1] Includes a small number of students who attend more than one school

Enrolments of students with special needs, 2009 to 2013

In August 2013, the number of enrolments of public school students with special needs was 2,147 (Table 3). This was an increase of 201 enrolments (10.3 percent) since August 2009 to August 2013.

Table 3: Number of special needs enrolments by level of schooling, 2009 to 2013[1, 2]

Level of schooling	2009	2010	2011	2012	2013
Primary schools	1,107	1,128	1,107	1,055	1,113
High schools	359	382	396	391	459
Colleges	123	121	115	127	137
Specialist schools	357	364	375	424	438
Total all schools	**1,946**	**1,995**	**1,993**	**1,997**	**2,147**

[1] Includes a small number of students who attend more than one school
[2] Includes all students flagged as special needs, including those students not formally assessed at the time of the census.

Student enrolments by gender, 2009 to 2013

Table 4 shows the numbers of males and females across the various levels of schooling from 2009 to 2013. Consistent with previous years, there were slightly more males (51.3 percent in 2013) than females in ACT public schools

Table 4: Number of enrolments by level of schooling and gender, 2009 to 2013[1]

Level of schooling	2009	2010	2011	2012	2013
Primary schools	-	-	-	-	-
Male	11,567	11,853	12,015	12,470	12,949

[1] Includes a small number of students who attend more than one school

Aboriginal and Torres Strait Student enrolments by year level, 2013

Table 6 shows the number of Aboriginal and Torres Strait student enrolment compared to the population across the level of schooling. Showing that the number of Aboriginal and Torres Strait Students represent on average 3.5 percent of the total population across all schooling levels except within Preschool where it is above the average (4.6 percent) and below the average in College, Year 11 (2.9 percent) and Year 12 (1.7 percent).

Table 6: Number of enrolments by Aboriginal and Torres Strait Islander status, level of schooling and year level, 2013[1]

Level of schooling	Aboriginal and Torres Strait Islander Students	Proportion of Aboriginal and Torres Strait Islander Students (%)	Non-Aboriginal and Torres Strait Islander Students	Not stated	Total

Student enrolments, 2013

Tables 7 - 9 shows the distribution of student enrolment by schooling level, region and school.

Table 7 shows that the Gungahlin area's proportion of primary school enrolments is the highest in the region at 16 percent followed closely by Belconnen South 15 percent.

[1] Cranleigh School has six students who attend mainstream preschool classes - shown in Table 9.

Explanatory Notes

Reference date

The 2013 August census was conducted on 2 August 2013.

Scope and coverage

The August census included all ACT public schools providing primary, secondary and specialist education. Jervis Bay School was included in ACT public primary schools as the Education and Training Directorate administers the Jervis Bay School for the Australian Government under a service agreement.

Collection

ACT public school census data was electronically downloaded from the Directorate's centralised administrative system.

Student enrolments

The census included students who were officially enrolled in a school on census day and who were active in a primary, secondary or specialist education program at that school. Students who were absent for more than four continuous school weeks prior to census date were included if the principal received written documentation signed by the guardian indicating that the student was to return to school on or before 16 August 2013.

Connect 10

The Connect 10 program supports students to develop a personal pathway plan that may include one or more of the following goals: completion of Year 10 Certificate, transition to years 11 and 12, vocational learning, employment and/or re-engagement with high school. Students in the program are an appropriate age for year 9 or 10 and their participation must be approved by a referral panel. The length of placement is long term, designed to engage students in learning and training and transition to future pathways.

Connect 10 programs were conducted at Lake Tuggeranong College, University of Canberra Senior Secondary College Lake Ginninderra and Dickson College.

Introductory English Centres

Introductory English Centres (IECs) are for students who require intensive full-time English language instruction.

There were three IECs in the primary sector, conducted at North Ainslie Primary School, Hughes Primary School and Wanniassa Hills Primary School. There was one IEC in the high school sector and the college sector, conducted at Dickson College.

Mature students (M)

Students in public schools aged 20 years or over on 31 January in the year of commencement of their college studies were classified as Mature.

Explanatory Notes (continued)

Older students (O)

Students in public schools aged 18 years by 31 December in the year prior to the commencement of their college studies, but not aged 20 years or over on 31 January in the year of commencement of their college studies, were classified as Older (O).

Primary school level

The primary school level of schooling included students from preschool to year 6. Preschool level data also included students who were attending a preschool program as an early entry student.

High school level

The high school level of schooling included those students in years 7, 8, 9 and 10.

College level

The college level of schooling included those students in years 11 and 12 as well as those students defined as mature and older.

Specialist schools

Specialist schools cater for students with a moderate to profound intellectual disability, severe Autism Spectrum Disorder or with multiple disabilities that require intensive levels of support.

Cranleigh School has introduced a mainstream preschool class. Enrolments in this class were included in primary school enrolments and not included in specialist school numbers.
