Dear [REDACTED]

FREEDOM OF INFORMATION (FOI) REQUEST

I refer to your application under section 30 of the *Freedom of Information Act 2016* (the FOI Act), received by the Education Directorate (the Directorate) on 24 March 2023, in which you are seeking access to:

A report produced for the Education Directorate by the Centre for International Research on Education Systems (Victoria University) exploring the operation of the NAPLAN socio-educational advantage model and whether the Index of Community Socio-Educational Advantage (ICSEA) values are being calculated in a way that accurately reflects disadvantage.

I am an Information Officer appointed by the Director-General under section 18 of the FOI Act to deal with access applications made under Part 5 of the FOI Act.

The acknowledgement letter sent to you on 5 April 2023 noted that the Directorate expected to undertake consultation with third parties about the report you are seeking and a due date for the decision was noted as 17 May 2023. As a result of advice from business areas within the Directorate about the status of the report, I have decided that third party consultation is not required.

Decision on access

Searches were completed for relevant records and one record was identified that falls within the scope of your request.

In summary, my decision is to not release the record.

My access decision is detailed further in the following statement of reasons.

Material considered

In reaching my access decision, I have taken the following into account:

- the FOI Act, particularly sections 16, 17 and 50, and schedule 2; and
- the content of the record that falls within the scope of your request.

Reasons for decision

I have considered the record that is relevant to your request in accordance with the requirements of the FOI Act.

Section 6(a) of the FOI Act provides for a right of access to government information unless access would, on balance, be contrary to the public interest. Contrary to the public interest information is defined at section 16 of the FOI Act as information that is taken to be contrary to the public interest to disclose under Schedule 1; or the disclosure of which would, on balance, be contrary to the public interest under the test set out in section 17.

Section 50 of the FOI Act provides for records to be partially released with deletions applied where they contain contrary to the public interest information that can be removed, which enables the remainder of the record to be released.

Information taken to be contrary to the public interest to disclose

I have decided that the record does not contain information that is taken to be contrary to the public interest to disclose.

Information, the disclosure of which would, on balance, be contrary to the public interest

The public interest test requires the identification of factors favouring disclosure and non-disclosure, the balancing of those factors, and a decision whether, on balance, disclosure of the information would be contrary to the public interest.

I have decided that the factor favouring disclosure listed at Schedule 2.1 of the FOI Act is that disclosure of the information could reasonably be expected to *contribute to positive and informed debate on important issue or matters of public interest* (Schedule 2, 2.2(a)(ii)). I also note that the Directorate's Annual Report for 2021-22 refers to this report as having been provided in October 2021 for submission to Education Ministers.

I have decided that the applicable factor favouring non-disclosure, as listed at Schedule 2.2 of the FOI Act, is that disclosure of the information would *prejudice intergovernmental relations* (Schedule 2, 2.2(a)(x)).

I have considered the factor favouring disclosure and the factor favouring non-disclosure.

I give stronger weight to the factor favouring non-disclosure for the following reasons:

- The Directorate coordinated the production of this report on behalf of the Education Ministers Meeting.
- The report has not yet been considered by the Education Ministers Meeting as it was delayed due to COVID-19.
- Education Ministers Meeting are conducted on an in-confidence basis. Release of the report would be contrary to the confidentiality and cooperation agreed at Ministerial levels of government, as well as the full and open participation by members and jurisdictions.

Consequently, my decision is to not release the information.

Charges

Processing charges are not applicable for this request because no information is released.

Online publishing – disclosure log
