

# MINISTERIAL BRIEF

UNCLASSIFIED

То:	Minister for Education and Youth Affairs TRIM No: FILE2021/1279					
From:	Director General					
Date:	22 March 2021					
Subject:	2021-22 Public School Infrastructure Renewa	al Program				
Critical Date:	As soon as possible					
Critical Reason:	To endorse the 2021-22 Public School Infrastructure Renewal Program for inclusion in the Budget Papers					

### Purpose

To seek your agreement to the Education Directorate's interim 2021-22 Public School Infrastructure Renewal (PSIR) Program.

# Recommendation

That you:

1. Endorse the Education Directorate's 2021-22 PSIR Interim Program detailed at <u>Attachment A</u> for inclusion in the budget papers.

# Yvette Berry MLA

Minister's Office Feedback

93.104/21

# Background

1. The 2020 Election Commitment provided \$99 million in capital for upgrades to Canberra's public primary schools, high schools and colleges between 2021-22 and

UNCLASSIFIED

TRIM No:

2024-25. The upgrade program will deliver upgrades and extensions to existing classrooms, new classrooms, refurbishment of toilets and change rooms, new gardens and horticultural facilities, equipment upgrades and heating and cooling systems and energy efficiency improvements.

- As the territory budget process will occur later in the year due to COVID-19 impacts, this brief seeks approval for the component of the program that is funded via the Directorate's recurrent budget. This has been calculated at \$16.486 million for 2021-22.
- 3. A budget business case is being prepared to seek government approval of the additional funding to take the program to the \$99 million commitment over four years. If approved, it is not expected that these funds will be available until late 2021. A further program of works for the future years based on Strategic Asset Management principles is being developed and could commence on approval of the additional funds.

#### Issues

- As part of the annual budget process the Education Directorate (the Directorate) is required to provide a summary of the PSIR program for inclusion in the budget papers. The allocation provides a breakdown of the currently approved funding of \$16.486 million for 2021-22 into nine sub-programs as per the table in <u>Attachment A</u>.
- 5. In previous years there has been a provision for works funded jointly between schools and the PSIU program. For the commencement of the 2021-22 program this subprogram will be temporarily suspended to enable other priority works to commence The provision will be proposed in the expanded program later in the year.
- 6. Additional detail on the 2021-22 PSIR Program is provided for your information, at <u>Attachment B</u>. This includes further breakdown of the projects by school and detail of planned works which is not included in the budget papers.

#### **Financial Implications**

7. For the first half of 2021-22, there is \$16.486 million allocated to high priority activities. These include projects associated with Election Commitments, plus toilet upgrades, playground refurbishments, auto doors, bike shelters and a \$4.0 million provision for inclusion works that need to be completed before the start of the 2022 school year.

### Consultation

#### Internal

8. Throughout the year, Infrastructure and Capital Works consults with schools and other UNCLASSIFIED

stakeholders within the Directorate to define priorities for the PSIR program. ICW met with Ms Rebecca Hobbs from your office on 2 March 2021 to confirm government priorities. These priorities included school infrastructure issues identified by AEU subbranch motions.

# Cross Directorate

9. The 2020-21 PSIU program will be delivered in collaboration with Major Projects Canberra, ACT Property Group and other ACT Government agencies where required.

#### External

10. Professional services companies such as engineers, architects and quantity surveyors are consulted throughout the development and delivery of the PSIR Program.

## **Benefits/Sensitivities**

11. The PSIR program enables works to be undertaken at schools that are beyond a school's capability. The PSIR program aligns with the ACT Government's 2020 election commitment to provide \$99 million in funding for government school infrastructure upgrades, however until the 2021-22 territory budget is settled additional commitments will not be communicated.

#### **Media Implications**

- 12. The 2021-22 PSIR program will be published within the 2021-22 Budget papers. There will be opportunities for media coverage and announcements of achievements in the PSIR program as they are delivered throughout the year.
- 13. As part of the Directorate's pro-active media strategy, planned upgrade works will be published on school/EDU websites once scope details are agreed with the school.

### OFFICIAL

## Background

 As detailed in Budget Memorandum 2021/07, budget initiatives for the 2021-22 Budget will be considered in a two-phase process. The first phase is for consideration of time critical initiatives and initiatives that have ceasing funding on 30 June 2021. The second phase is for all other initiatives, including election commitments.

# 2021-22 Budget Phase One Business Cases

2021-22 Budget Phase Two Business Cases

- Minister-endorsed business cases for phase two of the 2021-22 Budget are due to the Treasurer by 28 May 2021. These business cases will then be considered by the Expenditure Review Committee in July 2021.
- In consultation with your office, the Directorate has finalised development of the following phase two business cases. The business cases all relate to election commitments or time critical items.

# Issues

# Permission to Proceed

6. The Treasurer wrote to you on 8 April 2021 to you to inform which business cases have approval to come forward for consideration in phase one and two of the 2021-22 Budget process.

# 2021-22 Budget Phase Two Business Cases

- 13. The full business cases for your endorsement are provided at <u>Attachment A</u> (recurrent) and <u>Attachment B</u> (capital).
- A letter has been prepared for you to send to the Treasurer endorsing the Directorate's phase two business cases for consideration by Expenditure Review Committee. This letter is included at <u>Attachment D</u> for your approval.
- 15. The total funding (including offsets) requested by the Directorate for 2021-22 phase two business cases is shown in the table below.

# 16. A breakdown of this funding by initiative is provided at <u>Attachment E</u>.

#### Wellbeing Framework

- 17. On 26 March 2021, CMTEDD advised Directorate's that the Wellbeing Impact Assessment template that should accompany every business case. This template requires that wellbeing indicators are identified and explained in the context of the impact the proposal has on priority target groups such as Aboriginal and Torres Strait Islander's or Children and Young people.
- The Wellbeing Impact Assessments have been developed for each of the business cases using the ACT Government Wellbeing Framework and are provided for your endorsement at <u>Attachment C</u>.
- 19. Specific reference to each Wellbeing Impact Assessment is provided below.

Funding Type	Attachment (TRIM link)	Business Case Wellbeing Impact Assessment

# **Financial Implications**

20. The total amount sought in the Directorate's 2021-22 phase one business cases is summarised at point 15 and a breakdown provided at <u>Attachment E</u>.

# Consultation

# Internal

No.

- 21. The Directorate has consulted with officials from your office through the development of phase two business cases.
- 22. The Director-General as well as the Deputy Director-General have been consulted through the development and clearance of phase two business cases.

# Cross Directorate

23. The Community Service Directorate has been consulted in the preparation of the Directorate's phase two business cases.

# External

24. KPMG has provided specialist advice and input through the development of the capital phase two business cases.

# Work Health and Safety

25. N/A

### **Benefits/Sensitivities**

26. All of the 2021-22 Budget initiatives present an opportunity for the ACT Government to implement much needed resources. It is expected all initiatives will receive a positive reaction from stakeholders and the community at large. If election commitments are not met this may cause negative media and community attention.

#### Communications, media and engagement implications

- 27. Significant media attention is expected around the 2021-22 ACT Budget as well as funding provided to the Directorate.
- 28. Further information on communications, media and engagement implications for 2021-22 Budget initiatives will be provided to your office once the Expenditure Review Committee of Cabinet has considered the Directorate's business cases
