

## Student Engagement Disability Programs 2019

All students in the ACT can enrol and attend a local public school. Schools provide a range of programs and supports and make the necessary adjustments to meet each student's learning needs. Parents and carers are encouraged to talk with their child's current school and school psychologist regarding disability program eligibility and program options. General enquiries and questions for students transferring from Catholic, Independent, interstate and overseas schools are to be directed to: [disabilityeducation@act.gov.au](mailto:disabilityeducation@act.gov.au) or 6205 6925.
