## School Climate

School climate is made up of components including a school's academic emphasis, shared values and approach and relationships in the school community.

## Domains on this page:

- Shared Values and Approach domain
- Academic Emphasis domain
- Staff-Student Relations domain
- Student Relations domain
- Staff Relations domain

## Shared Values And Androach

The Shared Values and Approach domain measures respondent perceptions of concepts such as students and staff working together towards the same goals, clear expectations and rules based on values and goals that are well understood. In a school that has strong Shared Values and Approach, school spirit is high and new students and staff are made to feel welcome.
