Subject: Training for Mandatory reporting

Hi Rob,

Thanks for our conversation earlier regarding Mandatory Reporting. As discussed, it appears as though there was some confusion around the reporting of the situation involving a [REDACTED] at your school and that some training for all staff is my suggested action as a result.

I have spoken with Student Engagement and someone should be in touch soon to progress this. I understand the operational complexities in returning students back to face to face education and appreciate your support with this

Kind Regards,

Kris Willis | Director School Improvement – Belconnen

Hi Kelly,

Thanks for your prompt email. I have been chatting with Kris as to the best approach and timing.

We have agreed that I will discuss current situation with the relevant staff and exec to ensure an immediate response. I would then like to discuss a time with you at the end of this term or the start of term 3 to facilitate the whole staff training. This will be most likely on a Wednesday afternoon from 3:15pm.

Do you have a preference for a Wednesday across Wks 9,10 or 1?

Thanks
Rob

Subject: Keeping Children and Young People Safe Training

Good afternoon Rob,

I hope you are well, I was asked to drop you a line to see when the best time is to fit in some child protection training for the staff in the next few weeks. I usually come out to team meetings and do about an hour and a half with questions and scenarios included so that staff get a good picture of processes and obligations. It also provides staff with an opportunity to get to know me then they can call or email me to talk through any worry's or concerns they have, often we can redirect families appropriately.

I work Wednesday, Thursday and Friday in this role, however I can work around your staff team if necessary to change my days

I look forward to hearing from you

Hi there EDU Media – and happy new year!

We have received a little pointer from our former bureau chief, [REDACTED] to this lovely insta post by a teacher at Charnwood Dunlop Primary.

We'd be very keen in interviewing the school's principal and doing a little story on this deck area and his/her commitment to the kids.

Can I contact the P&C or the school and go from there – or would you like to reach out to them first?

Look forward to hearing from you.

Hey Kris,

Just tried calling you. I've spoken to Janet and she is of the opinion that we could proceed with this, assuming the principal would like to.

It may be a deck that was actually built last year though. Janet is going to get in touch with Rob Lands and see if he is happy to speak to the ABC.

We'll proceed either way accordingly.

Cheers,

Hello Charnwood-Dunlop Community

Welcome back to a fabulous 2021. It has been an amazing start to the year, with the students getting straight back into the routines and settling into their beautiful learning environments. A big thanks to all our staff who have put in the extra effort in making these spaces ready.

We have had some exciting new works completed over the break as we continue to improve our environments. The whole of the senior school has been repainted, with spaces to be refitted with new white, black and pin boards. Our kindy wing has had some major work done, new window glazing to reduce glare, all access doors and entry points, and the new bathroom due for completion at the end of week 3. In the playground we completed a new all access deck around the sand pit, this was completed by us in the holidays, so a big thanks to Ben, Richard, Deb and Isaac who all enabled that to happen. A big thanks to Anoushka and Dawn, who came in during the break to look after our new garden at the end of the basketball court, replanting and organising things so that student can easily walk through without damaging anything. And lastly our Yarning Circle under the trees on the oval can be used. As always, we ask for students to be Safe, Respectful Learners in these spaces and we have our PBL expectations to practice as we progress.

Our break times have slightly changed, being 2 half hour breaks starting at 11:10am and 1:10pm. Again, we are staying Covid informed this year and ask parents to be mindful of being on premises. We welcome the opportunity to have you back in school grounds but ask you to make judgements to limit this where possible. Pickup locations outside of the school buildings will remain and become the formal process moving forward, we will no longer have any community members waiting in the fishbowl. We appreciate your understanding with this.

There will lots of events up and coming, we are in the process of upgrading our website and this will help with access to dates. First up will be our three way get to know you interviews. This will take place in week 3 on the Wednesday. More information will be sent out next week with booking processes and goal setting sheets for you to discuss with your children.

We are looking forward to great 2021, we have some exciting new targets and goals to share regards our school review last year. We will be seeking opportunities for times when we can share these with you.

Chat soon

Cheers

Rob

Hello Stephen and School Ops,

Please find below a request we have received related to ABC Canberra's Community Spirit Awards.

In short, a number of public school educators have been nominated in the 'School Community Champion' category, and we've been asked to help them facilitate interviews / profile pieces.

We have already run this past the Minister's Office, and they are supportive of us doing this.

I am providing you this information as an FYI.

Please get in touch if you have any further questions.

Cheers,

Subject: Three ACT public school staff & their initiatives recognised as finalists in ABC Canberra's Community Spirit Awards

CAUTION: This email originated from outside of the ACT Government. Do not click links or open attachments unless you recognise the sender and know the content is safe.

Dear Brenton and media team for ACT Education,

I have some great news to share. Three ACT public school staff & their initiatives have been recognised as school community champion finalists in ABC Canberra's Community Spirit Awards.

These finalists will **not be publicly revealed** until next week, so please **do not** publicise or share this information until Georgia Stynes broadcasts the news next week on ABC Radio Canberra Afternoons.

The three ACT public school staff in no particular order are:

- [REDACTED]
- **Rob Lans + a group of teachers from the Charnwood Dunlop School**
- [REDACTED]

MORE CONTEXT:

- **Charnwood Dunlop School “Sandpit Deck”** – a group of teachers led by **Rob Lans** came into school during their school holidays to build a deck around the sandpit. This deck was needed to improve the accessibility for children with a disability.

I’m keen to visit the first two above next Tuesday to record two pre-recorded interviews for radio next week. The interviews would be outside wherever suits them with sterilised radio recording equipment. Can you please help me make this request?

In addition, can you please help me with the following:

- Making sure they know that they are all finalists!
- If I can visit them next Tuesday then I can take some portraits myself.
- If I cannot visit them next Tuesday then can you please help us with imagery?
- Providing me via reply email before COB next Tuesday with portraits of all three and additional images showing their initiatives to assist with our digital story telling and marketing related to ABC Canberra's Community Spirit Awards.
- Portraits need to be in landscape profile. Landscape profile means holding your i-phone horizontally to take the portrait, instead of vertically.
- I’m seeking the **highest resolution** portraits and images of the initiatives that you can provide. Large MG photo file/s are preferred.

Please take a quick look at the following portrait examples for related stories. They are the style of portrait we are seeking:

OFFICIAL

Hi Rob,

Thanks for your email.

As I stated in the meeting, the first layer of support while the processes behind this are confirmed is to access the normal support process available through EAP. I understand that this is not specific to the mandate but it is an important option available to support all staff wellbeing. This is also available for family members. Can you please let me know if you have provided this information to impacted staff members

There are also supports from your Business Partner, Anthony Goodwin, with individual staff concerns.

In relation to the 3 questions you have posed below, I will consult with P&P in the first instance as they are questions that sit more with the whole of ACT Government decision.

Hope you are going ok

To: Willis, Kris <Kris.Willis@act.gov.au>

Subject: Staff support re: mandatory vaccination

Hi Kris,

I am writing to you to seek support for my staff in regards to the recent mandating of the vaccine for teachers in our sector.

To date I have not received any support or advice as to what or how to support staff experiencing distress or concerns regarding this mandate. In the interim I am having discussions with them to offer as much support as I can, I am also starting to find ways to ensure they can maintain their roles (adjusted as they need to be) to help reduce the stress they are feeling. Below are some clarifying questions I would like support with.

1. I have been asked to provide to them a Risk Assessment regarding the safety of the vaccine. As I don't have this I am asking you to provide this to me in order for them and myself to clearly see this strategy has been reviewed and deemed safe by the Directorate and the array of various controls in place to mitigate any potential risks.
2. Due to the statements and direction given, as of Nov 1st I will need to find at least █ face to face teachers to replace these staff that are unable to work due to this mandating. Will the Directorate be providing me with the resourcing and funds to replace these staff?
3. Lastly, some recent bill amendments in NSW indicates that responsibility for any injury from the vaccine will be held directly with the employer who has issued this mandate for staff to follow. Will this be the same in the ACT? As such I have not passed on any information regarding this mandate as I do not want to be held personally responsible. Of course I understand my position within a larger organisation, but as their direct manager I would like information and security with this.

I understand that these questions may be hard to answer but would appreciate the opportunity to discuss them with you.

Regards

Rob
