### DIRECTIONS TO TEACHERS

1. The names of the pupils should be written in full and register numbers should comprise a serial number and a number for the year of enrolment, for example, 30/65, in which "30" is the serial number and "65" denotes the year of enrolment, 1965. Serial numbers should start from "1" each year.

2. No pupil's name is to be re-entered unless the pupil applies for re-admission after being enrolled at another school.

3. In noting the religious denominations of pupils, the following abbreviations may be adopted, viz.:—

Church of England	..	..	..	C. of E.
Roman Catholic	..	..	..	R.C.
Presbyterian	..	..	..	Pres.
Methodist	..	..	..	Meth.

and similar abbreviations for other denominations.

4. When a child is classified, put the date opposite his name in the column denoting his grade or division. Thus 1/65 denotes the first month of 1965, or January, 1965. In the same manner, should a child be promoted to a higher grade or division, the date of transfer must be similarly registered.

5. When a teacher has reasonable grounds for believing that a pupil has left the school, the date of leaving should be recorded in the proper column, together with the occupation or other educational institution entered.

6. If the child is a bursar, the letter "B" should be written in the margin before his register number.
