OUR VISION

Our working relationships within the Australian Capital Territory are grounded in respect, trust, relationships and opportunities. Aboriginal and Torres Strait Islander peoples are treated as partners, respected and valued. This relationship is further embedded through a framework of acknowledgement, respect, relationship and opportunities.

The Directorate Reconciliation Digital Plan was established on 30 May 2016. This plan was informed by an Aboriginal and Torres Strait Islander Staff Network and the ACT Education Directorate. The plan’s development, key elements and actions are informed by Reconciliation Action Plans, opportunities and the Directorate’s senior executive.

The plan was informed by the three guiding principles of respect, relationships and opportunities as contained in the Director-General’s message. The three circles represent journeys, bringing change and development. The blue is symbolized by the sky. It is a storm. It is symbolized by the blue in the background.

The Directorate will develop guidelines to support the Working Group. The Key Enabler Group also had feedback from this review included the following:

• the alignment the RAP to other Reconciliation Action Plans
• a restructure of the Reconciliation Action Plan Working Group
• the Directorate’s senior executive to provide representation from the Aboriginal and Torres Strait Islander Elected Body.

The Key Enabler Group also had feedback from this review included the following:

• the alignment the RAP to other Reconciliation Action Plans
• a restructure of the Reconciliation Action Plan Working Group
• the Directorate’s senior executive to provide representation from the Aboriginal and Torres Strait Islander Elected Body.

The outcome of this collaboration is a plan that guides and informs the Directorate’s leadership and experience of members of our RAP Working Group and a Key Enabler Group. The plan is informed by respect, relationships and opportunities.
