Dear [REDACTED]

### **FREEDOM OF INFORMATION (FOI) REQUEST**

I refer to your application under the *Freedom of Information Act 2016* (the Act) received by the Education Directorate (the Directorate) on 19 April 2022, in which you sought access to:

- *All financial documents regarding the supply of COVID supplies, including PPE, RAT kits and general masks and sanitising gels and anti-bacterial hand wash purchased from August 1 2021 – 1 January 2022.*
- *Information to include: the suppliers (Indigenous suppliers only); the cost; the country of source; and date of transaction.*

I am an Information Officer appointed by the Director-General under section 18 of the Act to deal with access applications made under Part 5 of the Act.

A decision on your access application was required to be provided by 17 May 2022, in line with section 40 of the Act.

#### **Decision on access**

Searches were completed for relevant records and four records were identified that fall within the scope of your request.

No information could be located by the Directorate for the second point of your request.

In summary, I have decided to grant:

- full access to one record,
- partial access to three records with deletions applied.

Included as Attachment A to this decision is the schedule of relevant records. This provides a description of each record that falls within the scope of your request and the access decision for each of those records. The records released to you are provided at Attachment B.

My access decision is detailed further in the following statement of reasons.

### **Material considered**

In reaching my access decision, I have taken the following into account:

- the Act, particularly sections 16, 17 and 50, and schedule 2;
- the content of the records that fall within the scope of your request; and
- the *Human Rights Act 2004*.

### **Reasons for decision**

I have considered the records that are relevant to your request in accordance with the requirements of the Act.

Records that are partially released under the Act have had deletions applied in accordance with Section 50 of the Act. Deletions have been applied to information that would, on balance, be contrary to the public interest to disclose in accordance with the public interest test set out in Section 17 of the Act. Section 50 provides for information that is contrary to the public interest to be deleted from the records, enabling the remainder of the record to be released.

The public interest test requires the identification of factors favouring disclosure and non-disclosure, the balancing of those factors, and a decision whether, on balance, disclosure of the information would be contrary to the public interest.

I have decided that the applicable factors favouring disclosure, as listed at Schedule 2.1 of the Act, are that the released information could reasonably be expected to:

- *promote open discussion of public affairs and enhance government's accountability* (Schedule 2.1(a)(i));
- *contribute to positive and informed debate on important issues or matters of public interest* (Schedule 2.1(a)(ii));
- *inform the community of the government's operations, including the policies, guidelines and codes of conduct followed by the government in its dealings with members of the community* (Schedule 2.1(a)(iii)); and
- *reveal the reason for a government decision and any background or contextual information that informed the decision* (Schedule 2.1(a)(viii)).

I have decided that the applicable factor favouring non-disclosure in the public interest, as listed at Schedule 2.2 of the Act, is that the information could reasonably be expected

*to prejudice the protection of an individual's right to privacy or any other right under the Human Rights Act 2004 (Schedule 2.2(a)(ii)).*

I have considered the factors favouring disclosure and the factor favouring non-disclosure.

I have placed significant weight on the positive contribution of open discussion of public affairs, contributing to informed debate on important issues and the factors that underpin transparency of government processes. As such, most of the information is fully released.

I place significant weight on the right to privacy of individuals and their right to have their personal information protected. I have decided that their right to privacy in relation to their personal information has a higher standing of public interest not to disclose, than the public interest in disclosing this information. Accordingly, the signatures of government employees have been deleted from the information being provided to you.

As noted above, the Directorate does not hold records relevant to the second point of your request. You will note from the information released to you that the Directorate's supplier of COVID consumables was the Emergency Services Authority (ESA), which is also part of ACT Government. I am aware that your FOI request is also being processed by the FOI team in ESA's parent organisation, the Justice and Community Safety Directorate. They will be best placed to respond to that part of your request.

### **Charges**

There is no charge associated with this request because the number of pages of information related to you does not exceed the threshold of 50 specified at section 104 of the Act.

### **Online publishing – disclosure log**

Under section 28 of the Act, the Directorate maintains an online record of access applications called a disclosure log. Information about your request, my decision and the records released to you in response to your access application will be published in the Directorate's disclosure log between three and 10 working days after a decision on access has been provided to you. Your personal information will not be published.
