ACT Public Schools School Improvement Strategy

Core Principles

- 1 Every principal is the instructional leader in his or her school.
- 2 Every student will be taught by highly effective teachers.
- 3 Improving teacher capacity is the most effective way to improve student performance. Our strategy of choice is in-class support through coaching.
- 4 Every teacher and school leader deserves purposeful and regular feedback through high quality performance and development processes.
- 5 There is strength in collaboration. As a team we will take responsibility for each other's work.
- 6 *Everyone Matters.* We will do whatever it takes to ensure every young person can learn and thrive in our schools.
